Geodesy Requirements for Geodetic Control

1. It was agreed that COMOR should immediately proceed to establish geodesy requirements for satellite photography. Colonel Mahon agreed to table a draft of such requirements for consideration as soon as feasible.

T-KH Security

2. The Chairman reported briefly on security discussions of the past week emphasizing the severe admonition from highest authority with regard to proper security control of T-KH materials and information.

3. The members agreed to send representatives for a drafting session to the Chairman's office at 9:30 a.m. Wednesday, 31 August, to explore additional needs for T-KH billets looking to the presentation to the USIB of the broad consensus of must know requirements in various agencies.

T-KH Product

4. Mr. Lundahl briefed the Committee on a selection of T-KH materials.
